

Inter Faith Week 2010: Events in England

This document draws together and lists events known to have taken place for Inter Faith Week 2010 in England.

It is hoped that this list will act as a useful resource for those planning to run events to mark the Week in 2011. It complements the short thematic report, *Inter Faith Week 2010 in England*, which includes a great many photographs, as well as a number of ideas for ways in which to mark the 2011 Week. This report can be downloaded from the Inter Faith Week website at www.interfaithweek.org.

The list has been compiled from a large range of sources, including event details submitted directly to the Inter Faith Network office; listings shared with the office by the English Regional Faith Forums; listings from other websites; and information obtained from flyers, websites and social media event pages. Event details have been edited for consistency of style.

Events have been ordered alphabetically by region, then chronologically by date, then alphabetically by town. Events listed as 'National' are events for which the lead organising body was a national or regional level organisation; all other events are listed as 'Local'. Inclusion of events in this list does not imply support or endorsement of events or of their organising bodies by the Inter Faith Network or its members or partners.

The Inter Faith Network office has endeavoured to ensure a complete and accurate list of events; it is not responsible for any errors or omissions.
